FRUIT IN A BOTTLE

★ since 1990 ★

Since 1990, Mixer has been a pioneer in the development of shelf-stable fruit purees, which we package in our patented reusable barman friendly bottles. We began exporting in 2011 and today, we sell to over 50 export markets with our principal mission to remain focused on manufacturing and marketing premium ingredients studied to deliver full flavored fruit drinks all of which are manufactured in strict accordance with international quality standards ISO 9001 and FSSC 22000.

Mixer fruit purees save bar operators time and reduce wastage on perishable ingredients. Mixer products help you to lower your drink costs while upgrading quality with a puree high in fruit and fibre content. More fruit means reduced sugar content and acidity match to freshly picked fruit from the tree.

Our key target customers are F&B establishments, cocktail bars, coffee shops, restaurants, hotels, catering services, cruise liners, QSR accounts and an increasing number of online platforms. All Mixer production is in-house in our Northern Italian production facility where we wisely manufacture the fruit arriving from the best worldwide growing crops.

IMPROVING PRODUCTIVITY IN THE CATERING & HOSPITALITY INDUSTRY

To maximize turnover every month, F&B outlets need to consider how to maximize the speed of service as well as minimizing wastage of time and product. Mixer products aim to help you find the right balance between serving quality drinks at the right price.

BAR MIXES

SWEET & SOUR
mix

SIMPLE
syrup

CANE SUGAR
syrup

Sweet & Sour Mix. Ready-made premix bottled in the handy speed bottle, obtained from the perfect balance of **lemon juice**, **sugar syrup** and **water**.

Simple syrup. Useful for making cocktails, cold or iced teas, slushes, fruit salads and shaken coffees, in almost all cold drinks where **granular sugar** would not easily dissolve in the drink.

Cane Sugar syrup. Has a rich and intense **cane sugar flavour**. the ideal sweetener for cocktails, long drinks, fruit salads, desserts, slush and ice cream. also great in coffee and iced teas.

SPECIALTIES

Lemon & Lime JUICES are among the most commonly used cocktail ingredients in bars. We manufacture them with no added sugar in our handy glass bottles which are easy to fit with a metal pour to increase speed of service and have a complete control over portions, reducing staff workload and fruit wastage to zero.

Lime CORDIAL is made with a careful blend of pure fruit juice with balanced sweetness to create refreshing beverages.

Polposita
PROFESSIONAL FRUIT PURÉE

FRUIT PUREE

Natural

Polposita is simply top-quality fruit harvested when perfectly mature. Each piece of fruit is inspected, cleaned and then blended. No sugar is added, no coloring and no preservatives. Hot filling allows us to have an 18-month shelf life while product remains sealed. Once opened the product is conserved in a fridge for up to 7 days. Ready to use for cocktails, mocktails, smoothies and a full range of beverages. Polposita crosses over in to pastry and culinary applications for desserts, cakes, fillings and mousse.
